At the Navigation Inn we try to buy most of our food locally. We are supporting 'Growing People' a social enterprise based in Wolverton who grow salad, vegetables and fruits. Growing People's produce is grown and harvested by a team of young people, many of whom have struggled to access training or employment elsewhere. They do not use pesticides or chemicals. Most importantly their produce is full of flavour. This is one of the reasons your food tastes so good!!?

At The Navigation Inn we can get extremely busy, therefore we would recommend booking.

During busy times bookings will get priority.

*Available as a child portion for 2.00 Discount

There are no G.M products knowingly used on this menu. Please note some dishes may contain nuts.

For Parties of 8 or more an optional 10% service charge will be added which will be distributed equally between all staff on duty.
